

WATER QUALITY

FLORIDA REALTORS® ADVOCACY EFFORTS

Florida Realtors continues to be a strong voice on water issues each legislative session. During the 2024 session, the Florida Legislature demonstrated a significant commitment to protecting and preserving the state's water resources as demonstrated by the funding numbers below. The advocacy efforts of Realtors® played a crucial role in ensuring these priorities were addressed and our ongoing efforts to promote responsible environmental policies and sustainable development will continue to be a top priority in the years to come.
